There are two emails giving more details that the Coast Guard has but they told me they couldn't forward them because the title was "Do Not Forward". So there is more information available that I can get verbally... I just want to make sure I go about everything the right way before I start asking more questions ☺ There is also someone Dana Tolouse (sp? Couldn't find them on Google) who is visiting.

The limited info I got was Paul Ryan is coming on Wednesday. I couldn't get much detail about their visit activities.

Subject: Upcoming Visits
Hello,

I heard in my location that John Culberson and Paul Ryan are visiting this area this upcoming week. I learned that more information can be gained from Mike Sams, Coast Guard UC. Austin thought I should pass this along to you in case David is not aware.

Best,

Alexandra Olson
